Our program is based on sound, grace-based biblical principles and the latest in brain science, addiction research, and trauma treatment.

The Acres of Hope program is one-of-a-kind in the nation for both women and children. It walks families through the process of change, healing, and growth that they need to completely overcome the cycles of homelessness, trauma, addiction, and poverty. We do this using a holistic approach that addresses whole-person, whole-family health. As a result, families graduating from Acres of Hope are Mentally Strong, Emotionally Strong, Spiritually Strong, Body Strong, and Relationally Strong. These '5 Strengths' prepare them for a successful life after Acres of Hope.

SPH does not provide extended OB/GYN care, birth control, fertility testing, abortion services, or referrals.

Silver Wishes Inc. was created to let seniors living in Placer County, Wheatland and Citrus Heights know they matter and have a purpose. By granting wishes, we want them to experience hope and let them know they are valued. Wishes may be something simple to help overcome a challenge or help regain their independence. A wish may be bringing family together that has been separated. Or joy may come in the form of granting the opportunity to experience a bucket list item. Silver Wishes needs your help to make these wishes a reality. In return, we hope our volunteers, donors and community will also experience the joy you receive from being a part of this mission. Together we can make a difference.

Sweet Dreams Foundation is a non-profit, 501(c)(3) faith-based organization based in Folsom, CA. Our mission is to glorify God, by spreading peace, hope, and love to families with medically fragile babies & children.

Hearing the words, "Your child has cancer" or going into labor at only 26 weeks gestation can cause overwhelming feelings of Fear & Anxiety. Our programs are rooted in prayer, offering community support during these devastating moments. Whether it's a Dream Bedroom to take the family's mind off of the illness the child is battling or a baby wrap in a NICU baby that encourages emotional and physical development, our goal is to embrace families, replace Fear & Anxiety with Peace, Hope, and Love, show them that they aren't alone.

Our current culture is full of broken commitments and disjointed families. Countless studies show that fatherlessness and lack of childhood stability lead to a majority of the social issues we face today.

To properly address the root of these problems, we must come together to protect kids and strengthen families throughout our community.

Did you know that the greatest predictor of success in a child's life is the presence of a single, stable, loving adult?

Join us in making a difference...one child at a time.
